Principles for UN Procurement

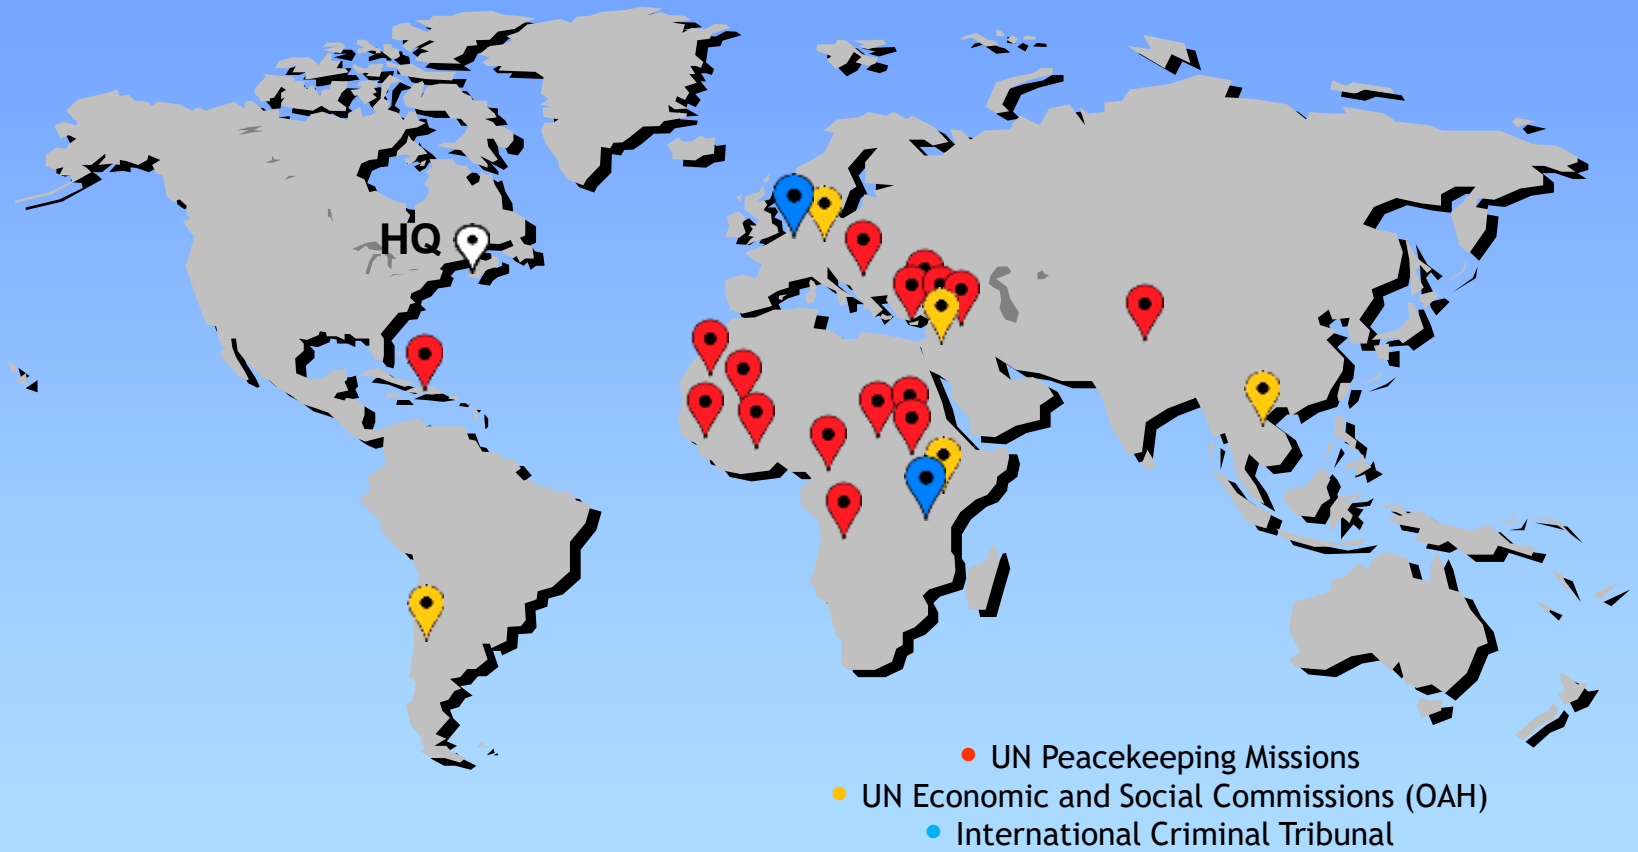

Procurement activities of the UN system are based on the following principles:

- The objectives/needs of the UN Organization
- Fairness, integrity & transparency
- Effective **international** competition
- Best value for money

These principles cover procurement stages from sourcing to execution of a procurement contract.

The UN Global Compact

Ten Principles:

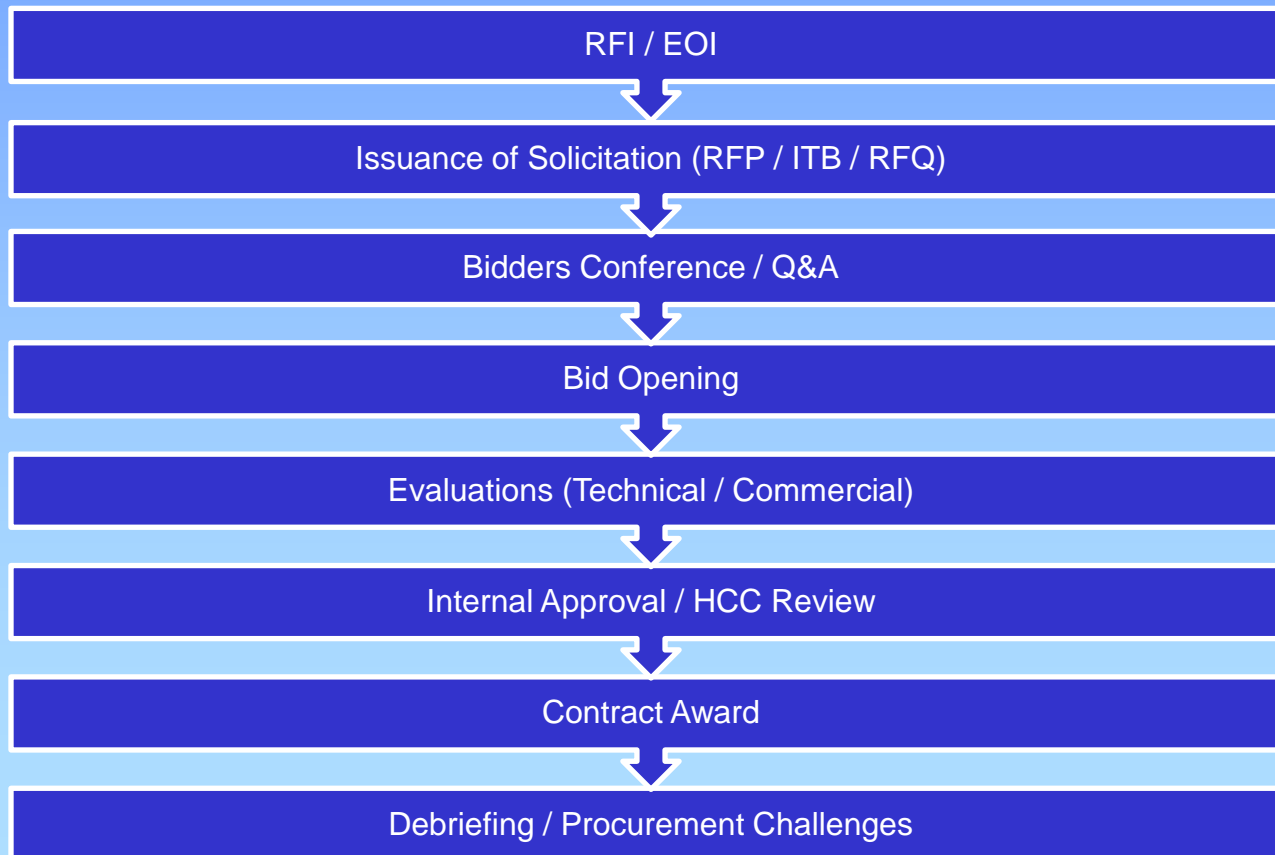

1. Business should support and respect the protection of internationally proclaimed human right; and
2. Make sure that they are not complicit in human rights abuses;
3. Business should uphold the freedom of association and the effective recognition of the right to collective bargaining;
4. The elimination of all forms of forced and compulsory labour;
5. The effective abolition of child labour;
6. The elimination of discrimination in respect of employment and occupation;
7. Business should support a precautionary approach to environmental challenges;
8. Undertake initiatives to promote greater environmental responsibility;
9. Encourage the development and diffusion of environmentally friendly technologies;
10. Business should work against all forms of corruption, including extortion and bribery.
