DESCRIPTION OF REQUIREMENTS

The Office of Investment Management (OIM) of the United Nations Joint Staff Pension Fund (UNJSPF) contributes to the global mission of the UN family of organizations by ensuring the long-term solvency and financial sustainability of the UNJSPF. Improving communication and information sharing with Fund’s member organizations, governing bodies, beneficiaries and participants and other stakeholders is one of OIM’s priorities. In order to enhance information sharing with various stakeholders and other interest groups, OIM is looking to publish periodic reports on a broad range of information on Fund’s activities.

OIM is planning to publish the 2018 UNJSPF Annual Report and to continue publishing two periodic reports annually, namely: the UNJSPF Annual Report and the OIM Report on Sustainable Investing. The reports need to be clear, best-in-class quality and innovative in their presentation.

The United Nations Joint Staff Pension Fund (UNJSPF) is a defined benefit fund, established by the General Assembly of the United Nations (UN) in 1948. The Fund is charged with providing retirement, death, disability and other benefits and related services to its participants, retirees and beneficiaries, currently comprising over 205,000 staff and retirees of the UN and 23 other international inter-governmental organizations admitted to membership in the Fund.

OIM manages a $65 billion multi-asset class, global investment portfolio, about 85% of which is actively managed in-house. OIM invests globally in over 100 countries and regions. Asset classes under management comprise global equities, global fixed income, foreign exchange, private equity, real estate, infrastructure, timber, and commodities. OIM’s staff are currently all based in New York but come from over 30 countries.
The Information Technology team manages a large portfolio of ICT services to support the business-critical functions of the organization, as well as lead the implementation, monitoring and evaluation of projects to ensure the strategic delivery of new and enhanced capabilities.

Please consult OIM’s website at http://oim.unjspf.org/ for additional information and a breakdown of the UNJSPF’s assets.

**SPECIFIC REQUIREMENTS / INFORMATION (IF ANY)**

OIM is seeking external design, communications and data companies that have a proven track record of working with both top global asset managers, pension funds or insurance firms, and leading multilateral organizations in projects to assist in analyzing and presenting financial and investment data and preparation and production of high-quality reports and the publications.

OIM is looking to publish the Fund’s 2018 Annual Report before the end of 2019 and to continue publishing two (2) periodic reports annually namely: the UNJSPF Annual Report and the OIM Report on Sustainable Investing in the future. The reports need to be clear, best-in-class quality and innovative in their presentation.

Services are sought from firms with experience with production of high-quality reports and expertise in innovative design, advanced knowledge of data visualization, and expertise of related software technology that is not available internally in the Fund.

Additionally, the provider is expected to have expertise in generating and designing content that effectively explain and illustrate financial and investment performance, operational and governance activities of the Fund, the Fund’s sustainable investing and ESG activities as mandated by Fund’s Investment Policy Statement (IPS), and overall year-on-year achievements of the Fund. Further required qualifications are listed under the “technical evaluation criteria” section below.

The Fund plans to publish five (5) such reports within the next two (2) years, one in 2019 and two annually of each in the following two years. Each report will be approx. thirty (30) pages and will require the creation of high-end data visualizations of financial and investment-related data.

The first report should be completed and published by end of 2019. The following years two similar reports are expected to be published.
