QUESTIONNAIRE

A. About the UN

The Department of Operational Support (DOS) supports all UN Secretariat entities located around the globe, including peacekeeping missions with over 90,000 troops for which the UN maintains multi-year contracts for the provision of food rations and bottled water.

B. About this RFI

The main purpose of this Request for Information (RFI) is to understand if the market can supply drinking water (mineral, spring or distilled) packed using paper-based or other sustainable and environment-friendly packaging materials that can be stored in locations where conditions of service may be difficult (i.e. to be stored in areas where temperatures may be high and storage conditions may not be ideal) in support of the UN peacekeeping missions worldwide. The second purpose of this RFI is to identify potential vendors for such products, although responses to this RFI will not be used to prequalify vendors.

C. Use of Information

This RFI is not intended to solicit proposals but to gather information about market for bottled water, specifically those packed using paper-based or other sustainable and environment-friendly packaging materials. Information received by the UN will be treated as confidential. In preparing responses to this RFI, vendors are requested to provide indicative prices only for purposes of cost estimates. Vendors should NOT provide actual prices which should be reserved for formal solicitations only.
